SEN Information Report

DECISIONS ABOUT WHETHER A STUDENT HAS SEN

How does the academy know if my child needs extra help and what should I do if I think my child may have special educational needs?

Students with special educational needs are discussed as part of the transition process during liaison with feeder schools and are identified via the Common Transfer Form. The SENCO/Deputy SENCO liaises with the Primary School SENCO in Year 5 and Year 6 and at other key points such as mid-year transfer

A referral pathway is in place at the academy for staff to raise concerns about student progress based upon the Assess, Plan, Do and Review model in line with our SEN policy Each case is considered on individual merit. Social and emotional needs will be identified by the Pastoral Team

Should a parent/carer believe their child to have a special educational need, they can contact the SENCO/Deputy SENCO directly. Opportunities also exist for contact with staff at the regular open evenings and surgeries

Robust monitoring highlights underachievement and triggers a holistic approach to determine needs are supported

How is the decision made about how much individual support my child will receive?

- The decision about individual support depends on the individual needs of the student
- Wave 2 intervention is determined by the SENCO/Deputy SENCO along with teacher staff
- Parents/carers are informed by letter and invited to attend a meeting to discuss
- External agencies such as Health and Social Care may be involved depending on individual circumstances

The Pastoral Team will liaise with parents/carers and staff regarding their input

SUPPORT FOR LEARNING AND WELL-BEING

How does the academy support students with special educational needs?

- High quality, differentiated teaching is the first step in meeting the needs of all students
- All teachers teach students with SEN, every member of staff supports SEN
- Smaller teaching groups
- The Senior Leadership Team review progress after every data cycle
- Lessons are regularly observed to ensure needs are being met
- Staff are notified of change and regularly updated with regard to SEN
- The academy will identify the most appropriate programme for the individual student following consultation with the parent/carer

A team of Learning Support Assistants is employed to provide pastoral as well as academic support (Wave 2 and Wave 3 interventions). The team is trained to provide a range of support measures including; literacy and numeracy, counselling and support for transition The academy can provide a range of individual assessments such as Scotopic Sensitivity Screening and exam Access Arrangements

The Education Advisory Board member with responsibility for SEN is involved via regular meetings at the academy to hold the SENCO/Deputy SENCO to account
